

I would ask that you not enact LPFM stations. K-LOVE radio is an important station to our area. It is the only clear Christian music station I can get in this area. K-LOVE provides the type of music our family wants to hear. K-LOVE provide good clean healthy music and news that I don't have to worry about how it may negatively affect our lives. Please keep the FM channels open for K-LOVE.

K-LOVE is a necessity for our community.
